

■ **Canada - Carbon Tax Surcharge for Canadian Rail Providers**

January 3, 2018

Dear Customer,

The Federal Government has issued an environmental requirement for all provinces to implement a Carbon Tax by 2018. In response to this requirement, Canadian Pacific Railway and Canadian National Railway have adjusted their tariffs for a Carbon Tax by province.

As Hapag-Lloyd will be invoiced this charge, we are forced to adjust our current Carbon Tax Surcharge to reflect these changes.

The adjusted surcharge will be effective February 1, 2018 and applies on import and export rail moves within Canada and across the border into the United States.

The charges listed in the below chart are in Canadian dollars per container and will be charged as Carbon Tax Surcharge Dest. (BCD) for imports and Carbon Tax Surcharge Origin (BCO) for exports.

Port Halifax \$CAD		Port Montreal \$CAD		Port Vancouver \$CAD	
Vancouver	15	Vancouver	25	Edmonton	10
Edmonton	9	Edmonton	20	Calgary	10
Calgary	9	Calgary	20	Regina	10
