SAFETY

CARRIERS' SAFETY DAYS

We have successfully organized another 2 Carriers' Safety Days:

- 24th October in the Leuven brewery
- 5th December in the Bremen brewery

Thank you to all our Transport Partners who joined!

BEST PRACTICE

H.Essers work together with the Humanlink to improve Safety behaviour

Humanlink: a team of psychologists, specialized in safety and health behaviour

WHY?

- Increase risk awareness and stimulate safer behaviour
- Create a safe working environment for everyone
- Reduce labor accidents

HOW?

- Interview with randomly selected employees
- Anonymous evaluation
- Results to be expected in March 2018

THE
HUMANLINK

UK

Magor and ZCC Prague joined efforts in making the Health and Safety measures even more sustainable:

Driver's H&S instructions on site are now available in 20 different languages, translated by native speakers

Zone Four

Максималната скорост на територията на логистичния център е 10 мили в час - това трябва да се спазва с цел безопасността на всички! Пушенето е разрешено само в о определените за това места.

Личното предпазно оборудване е строго задължително във всички логистични площи - а именно светлоотразителна жилетка, каска и защитни обувки. Къси панталони не са разрешени.

В логистичния център съществува едновременно двупосочно и еднопосочно движение - обръщайте внимание на указателните табели по всяко време.

Паркирането и нечакването са разрешени само в определените за това места - следвайте сигнала за интрукциите. Преминване/шофиране през доковете за товарене е строго забранено - позволено е само връщането на заден ход!

DO'S & DON'TS - Safety Boots, Hi-Vis Jackets and Hard Hats MUST be worn.

Transport team people update

Newcomer: **Raffaella Faber**

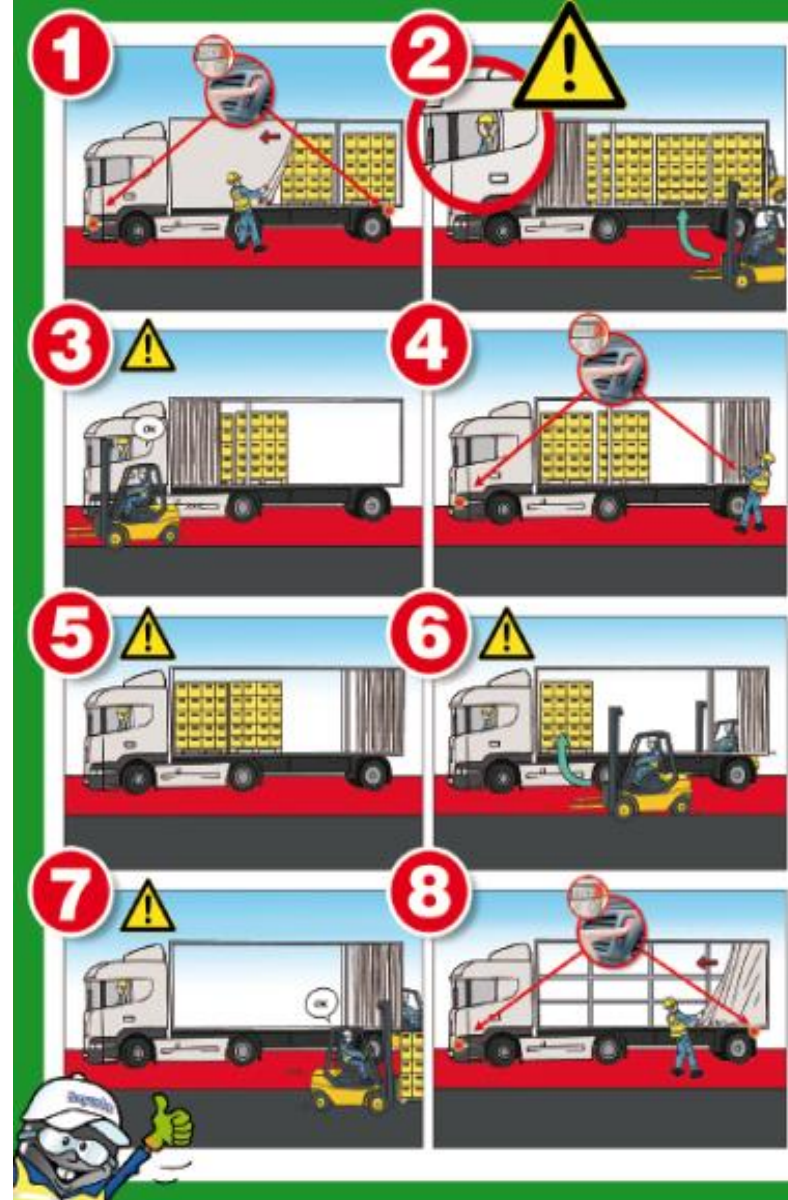

- **Responsible for:** Transport Planning
International flows

BELGIUM: New safety rules

The new RED zone rules, which have been communicated to you during the carrier safety day and via email, **will go live in all plants in Belgium as from 18th of December.**

Please make sure that all your drivers have been properly trained on the new rules and apply them fully and without exception as from 18/12.

BELGIUM

Hoegaarden brewery:

We recently adapted our reception desk. Underneath the desk a transparent window has been installed to check if drivers present themselves with their safety shoes on.

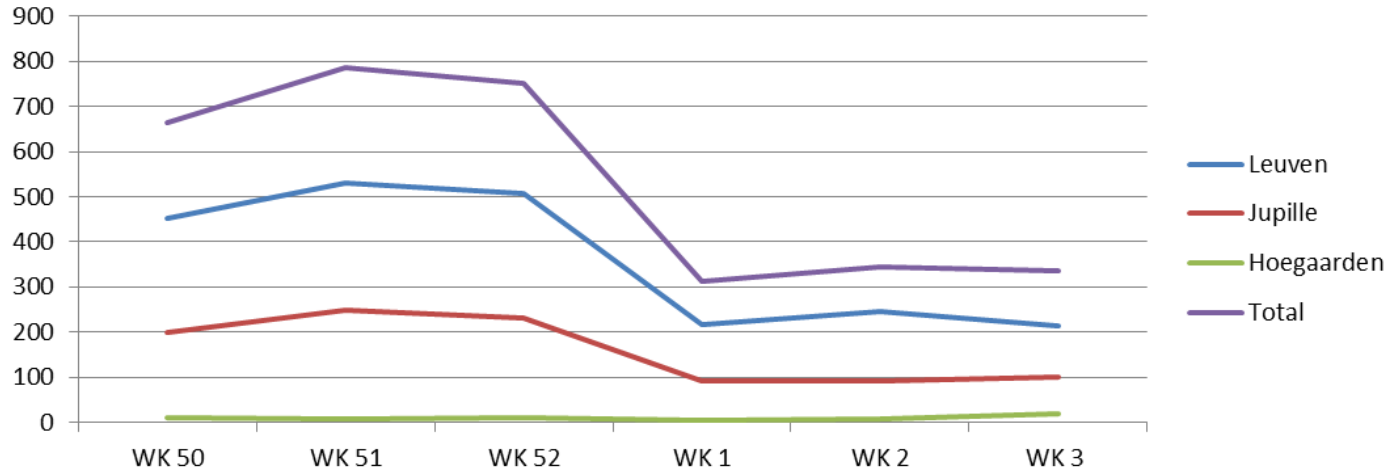

Please remember that in all sites, drivers should present themselves with the correct safety gear already at the reception.

End of year forecast: BE sales

Total sales volume BE (# trucks)

Comments :

- Focus on W51 & W52
- 4 day work week in W52 → more volumes to take into account per day

03-Jan-18	Wednesday				

Connecting trailer and truck > high focus

Wrong use of the connector tractor/trailer keeps appearing as the most common safety issue.

It is the nr. 1 root cause of the safety accidents as well as causing waiting times because the trailers have to be repaired on our sites.

- Note that it takes more than 1 trip to charge the battery, meaning that your drivers also influence the trips for which the trailer will be used afterwards.
- Some drivers flip the emergency switch when they park the trailer so that energy doesn't leak away. However the battery doesn't charge when this is not turned back on!

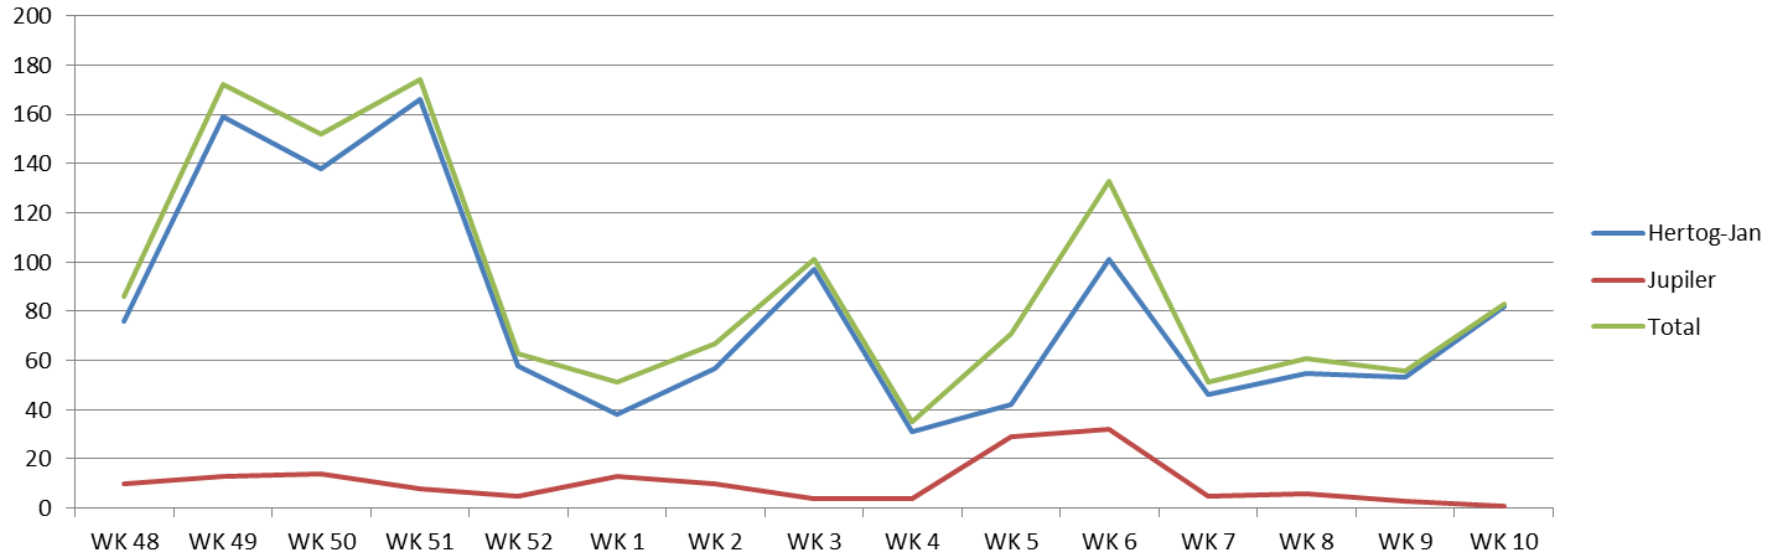

Please make your drivers aware of this matter.

Let's keep the trailers in rotation together!

End of year forecast: NL sales

Promo volume NL (# trucks)

Comments :

- Focus on W50 & W51(Hertog-Jan)
- Weekend deliveries during Christmas weekend
- 3 day work week in W52 → more volumes to take into account per day
